

Omar and the Gifts from under the Ground

English Mood Academy

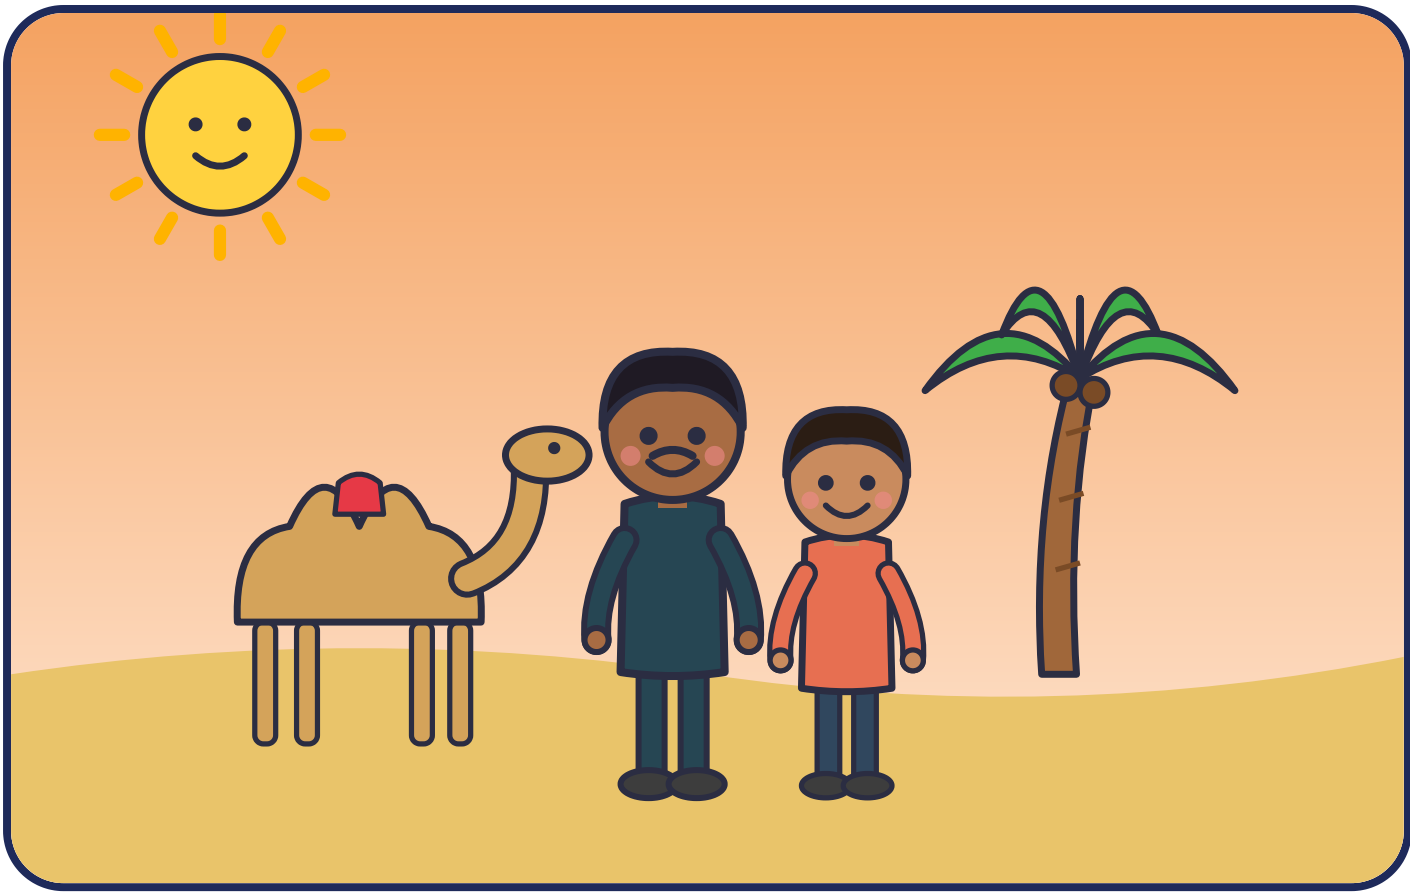

yellow = new words **red** = Past Simple verbs

Omar visited a museum about Egypt's **natural resources**. The guide showed rocks that **contained** **gifts** from **under the ground**.

First they looked at hard **rocks**. "These **rocks** **contained** **valuable** **minerals**," the guide said.

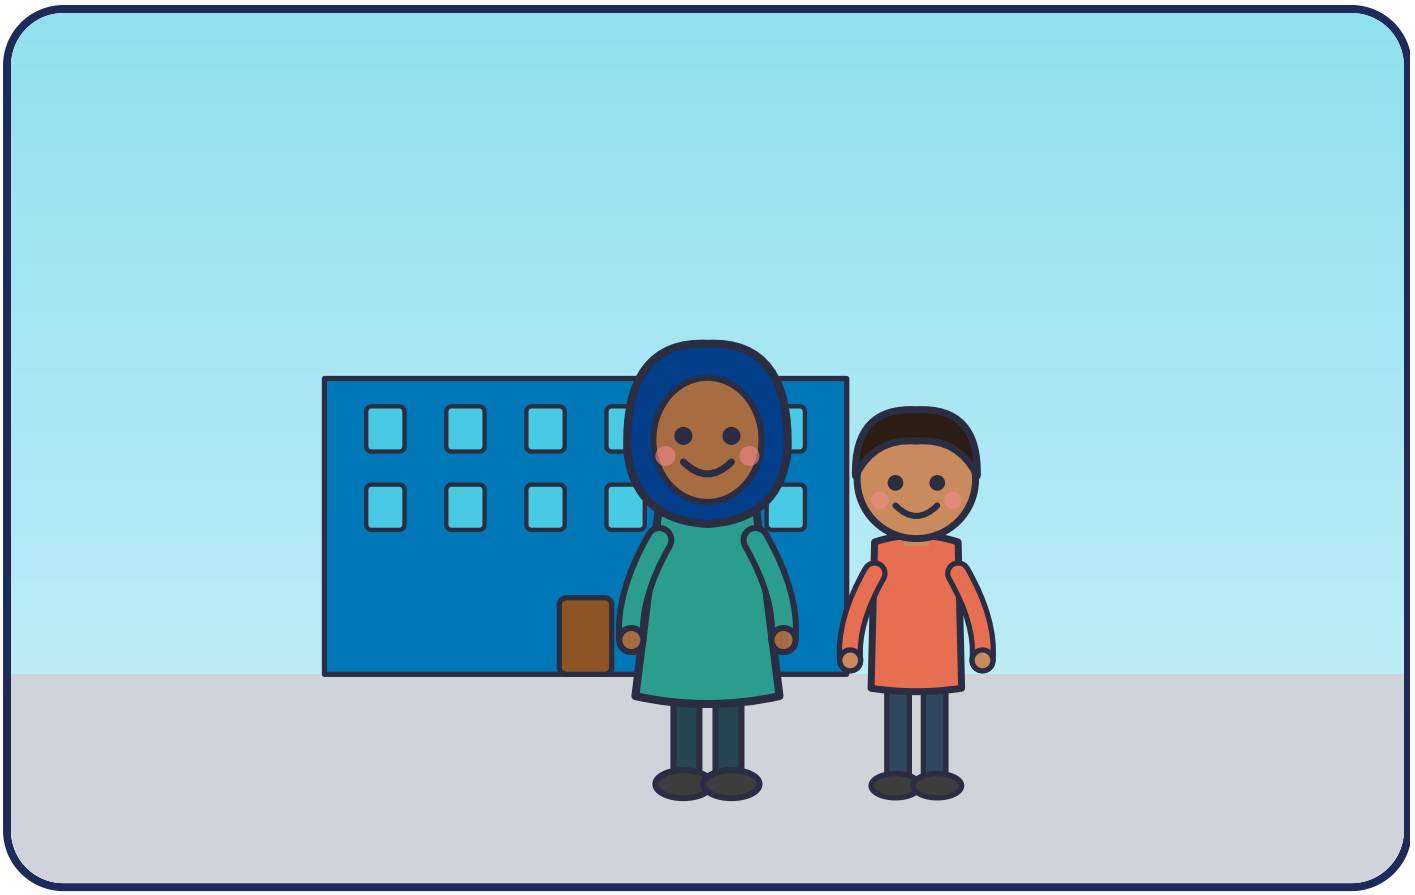

Omar saw bright **gold**. It was yellow and **shiny**.

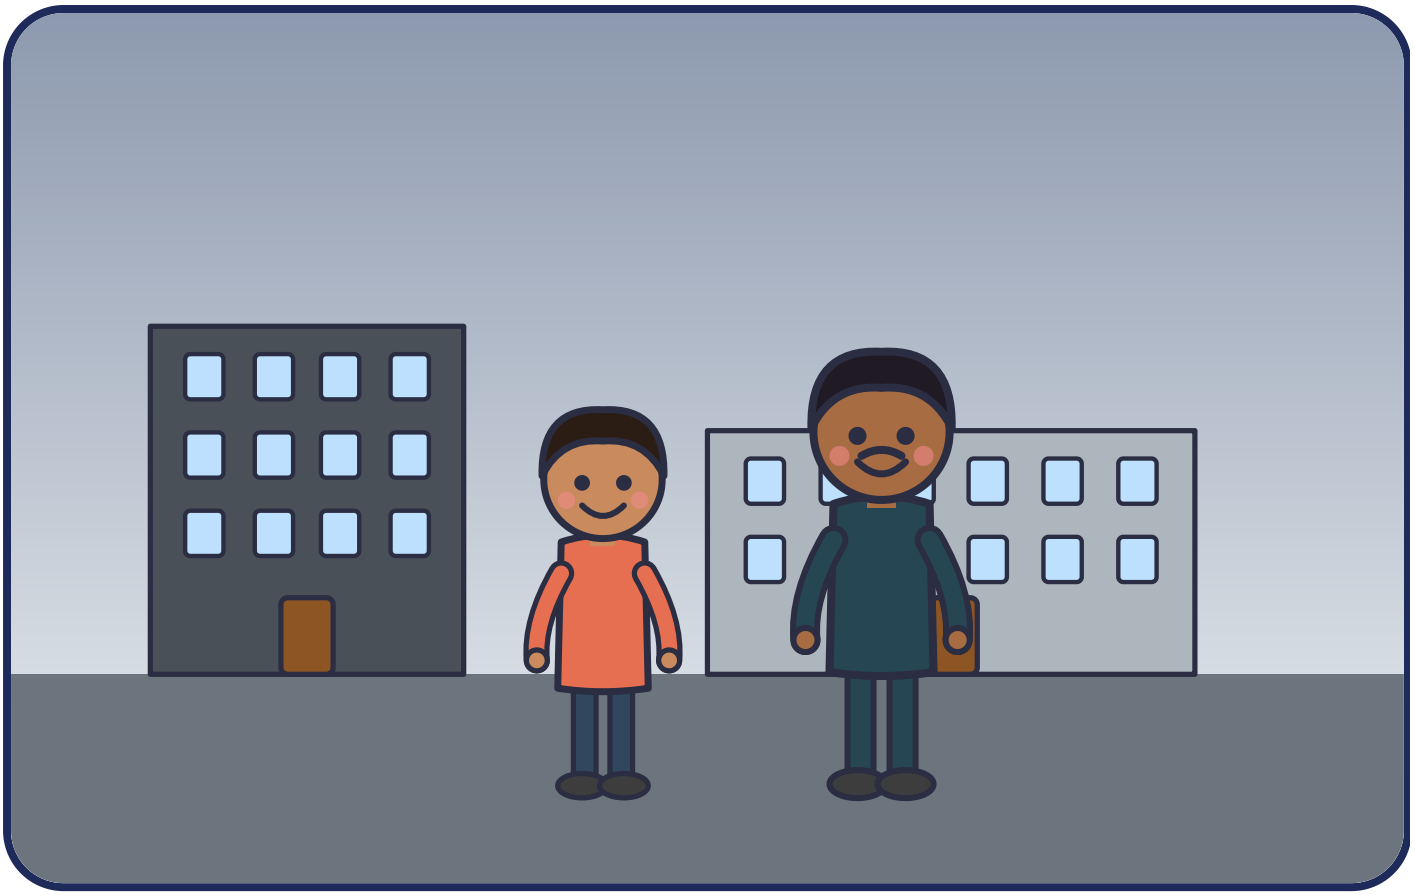

"People make beautiful **jewelry** from **gold**!"

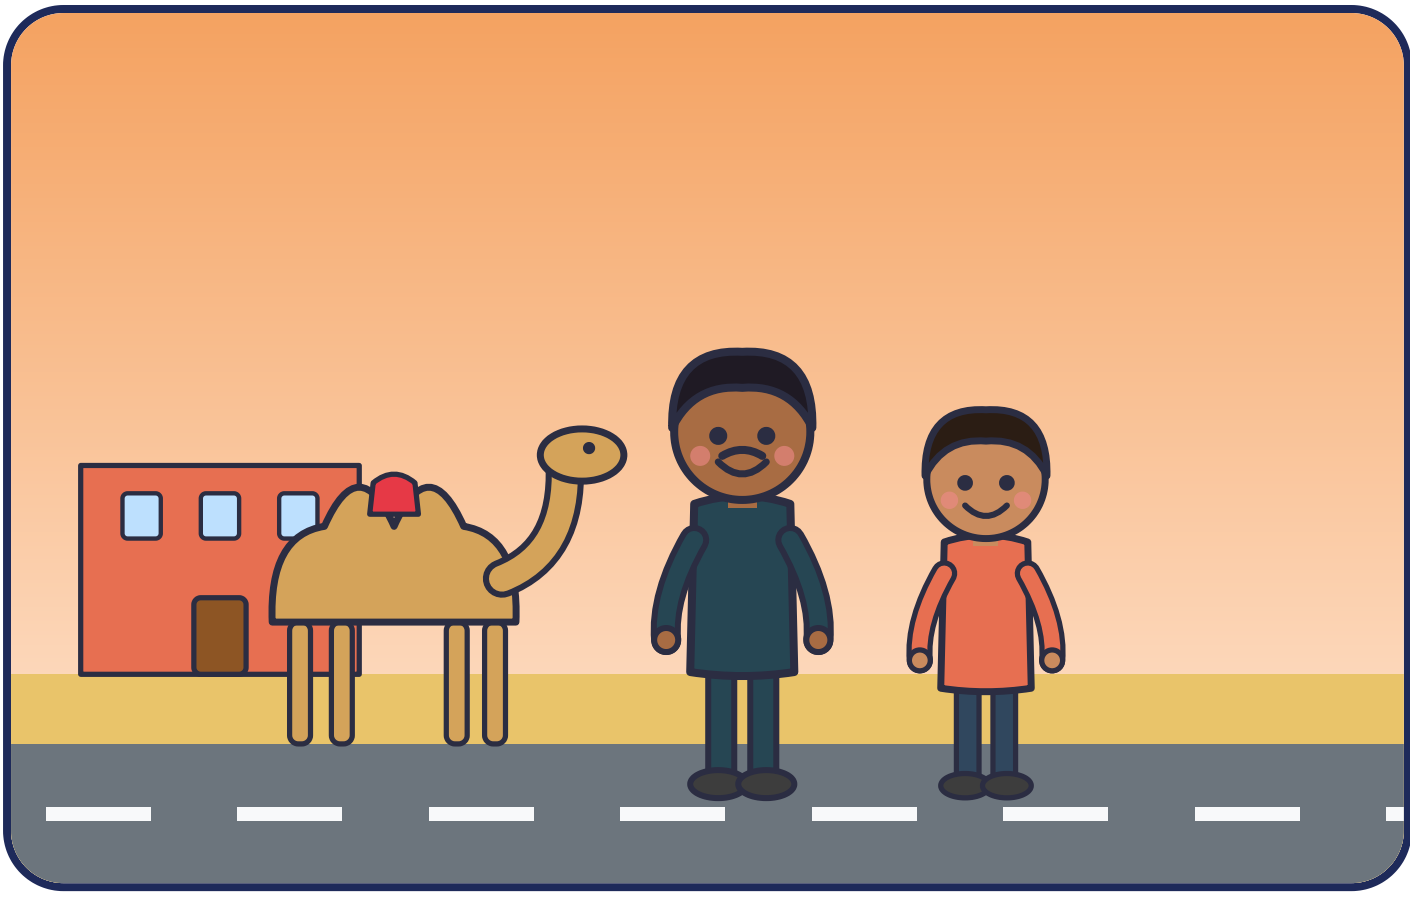

"Where do we find **gold**?" Omar asked. "In the **Eastern Desert**," said the guide. "Miners dig **deep** to get it."

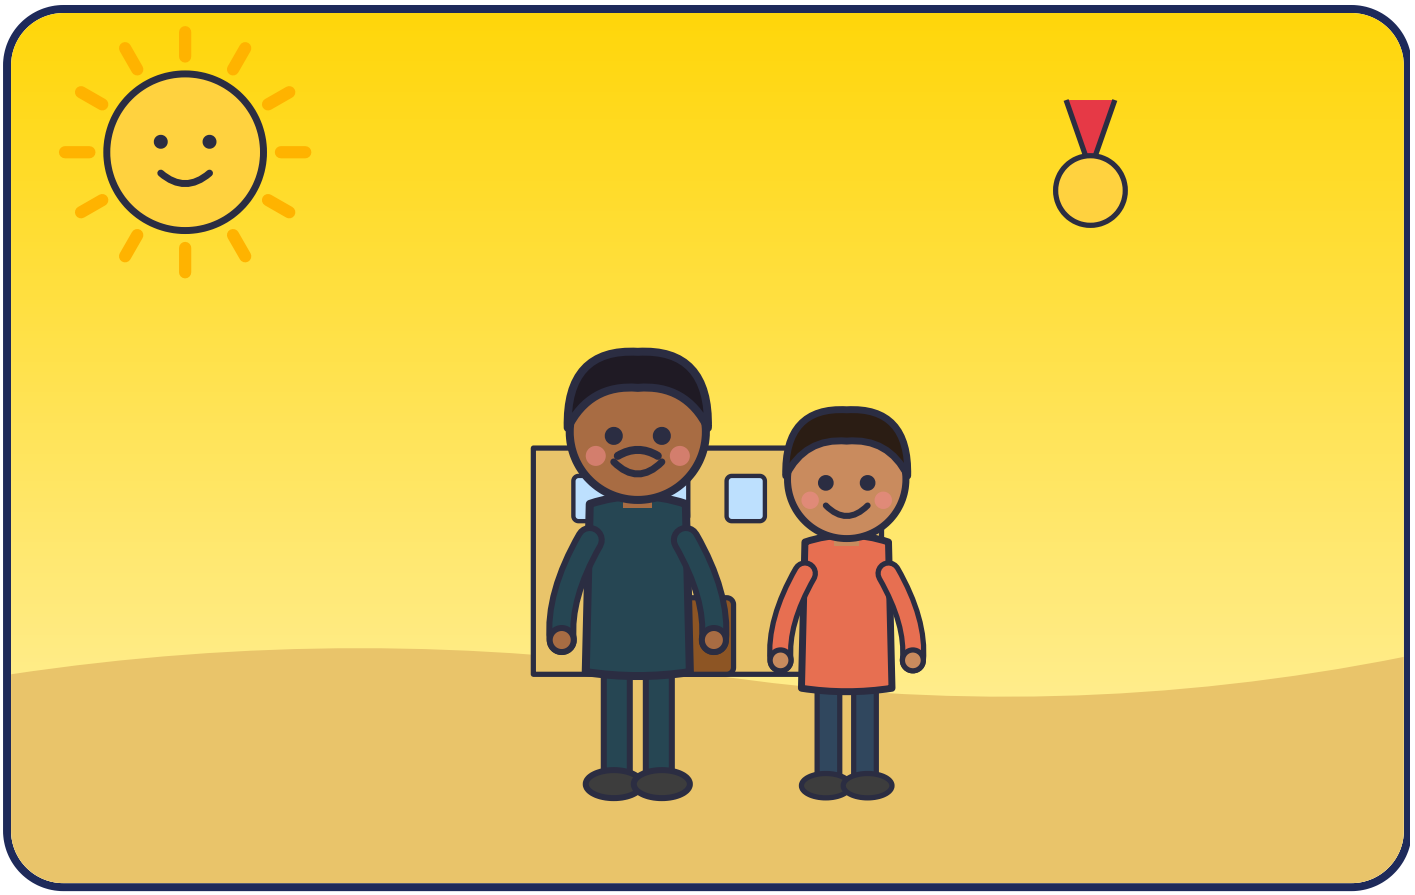

Next they saw black **oil**. "**Oil** is a **liquid** from the **Western Desert**. It helps **make cars go**."

They also learned about **natural gas**. "We use it for cooking and **heating**. It can also **make electricity**!"

Then Omar touched a piece of **iron**. "Factories **made** strong **steel** from **iron** to build bridges."

Last year Egypt **sold** some **oil** and **minerals** to other countries. Trucks **brought** them from the desert.

Omar smiled. "These **metals** and fuels are real **gifts**! We must use our **natural resources** wisely."

At home Omar told Mum, "Egypt **developed** its deserts so we can use **gold**, **oil** and **natural gas**. Amazing!"

The End ⛏️

Egypt's deserts hide valuable gifts. Use natural resources wisely!

صحارى مصر فيها عطايا ثمينة. استخدم الموارد الطبيعية بحكمة!
