

# Salma and the Screen-Time Challenge

English Mood Academy

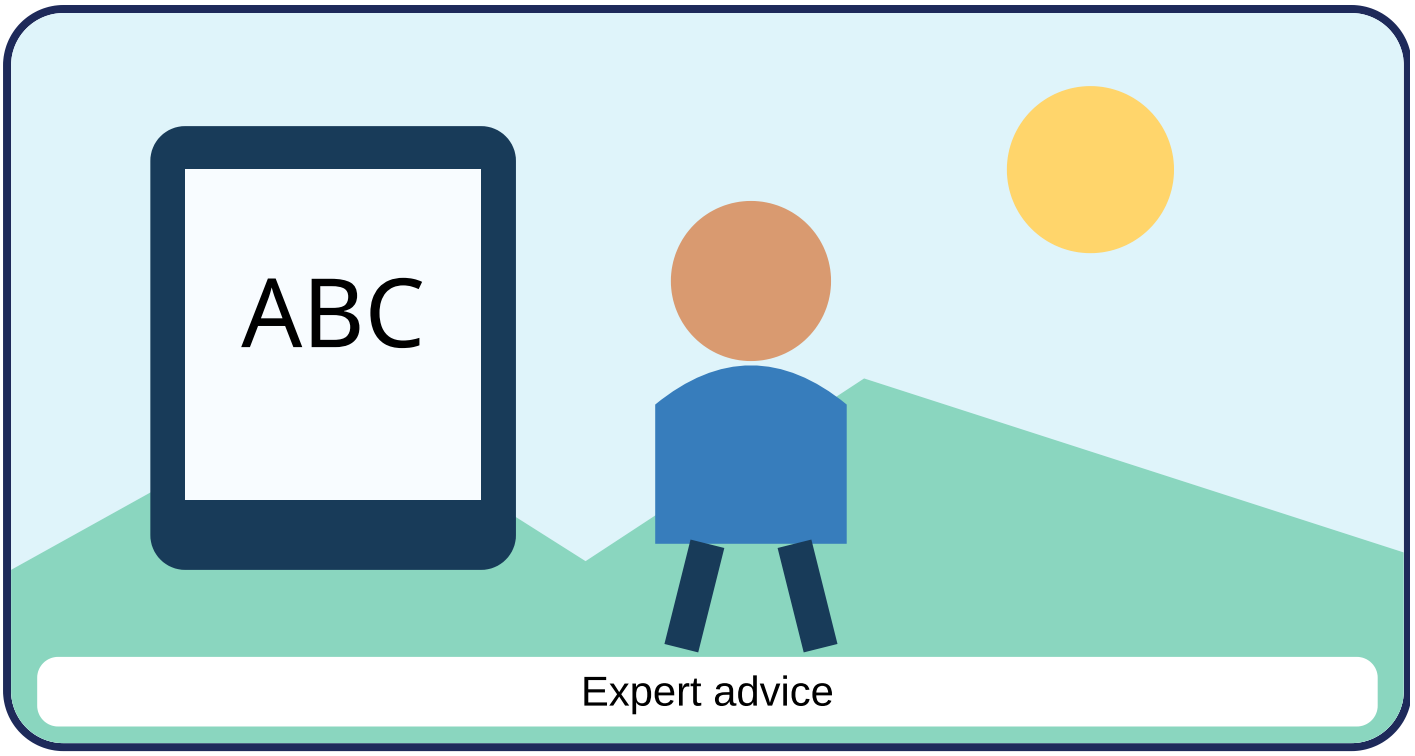

**yellow** = new words **red** = advice with should

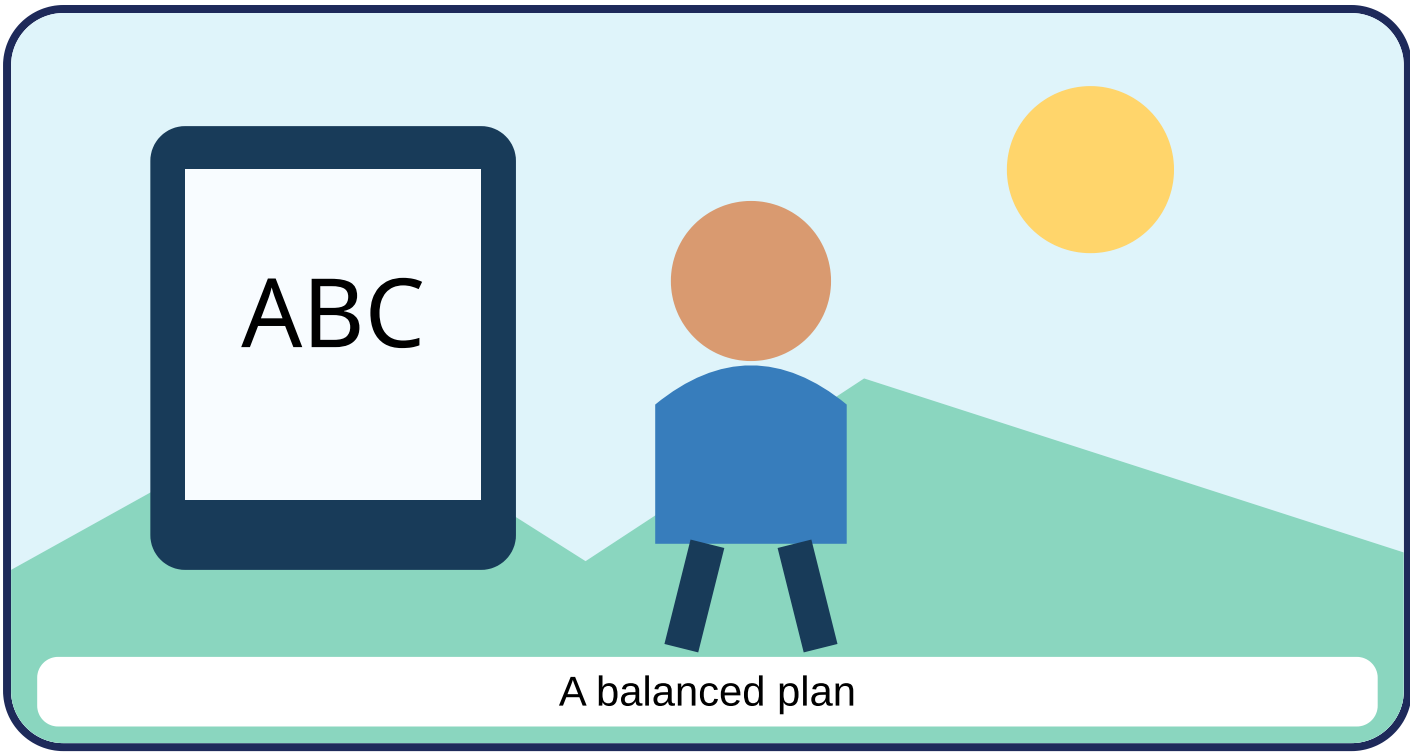

Salma is a **teenager** with a busy week. Her **total** **screen time** is very high. Her teacher says, "You **should take** breaks." Salma wants a better **balance**.

After hours of **entertainment**, Salma has a **headache** and **trouble sleeping**. She feels **stressed**. These **side effects** make her stop and think.

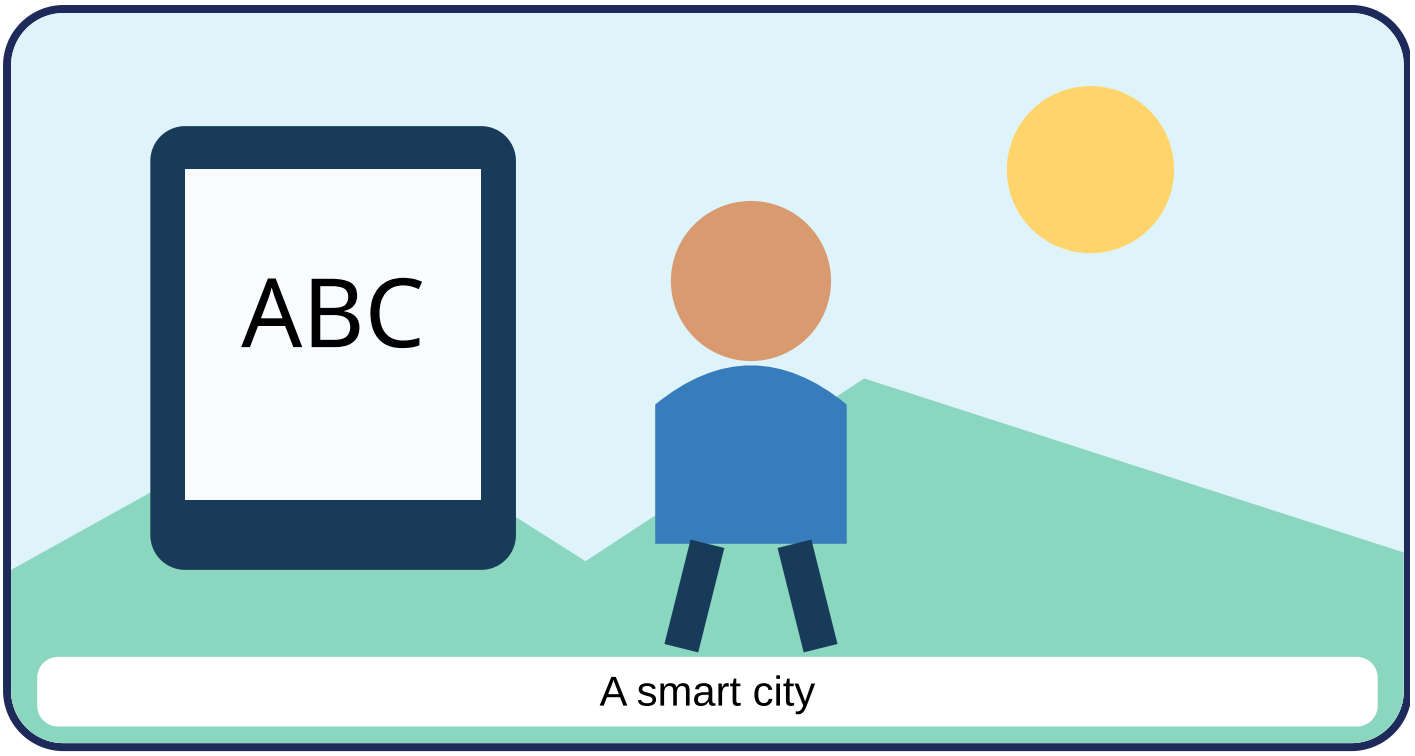

An **expert** visits her class. "Screens can **affect** how you feel **mentally**," he says. "You should enjoy **physical** activity too."

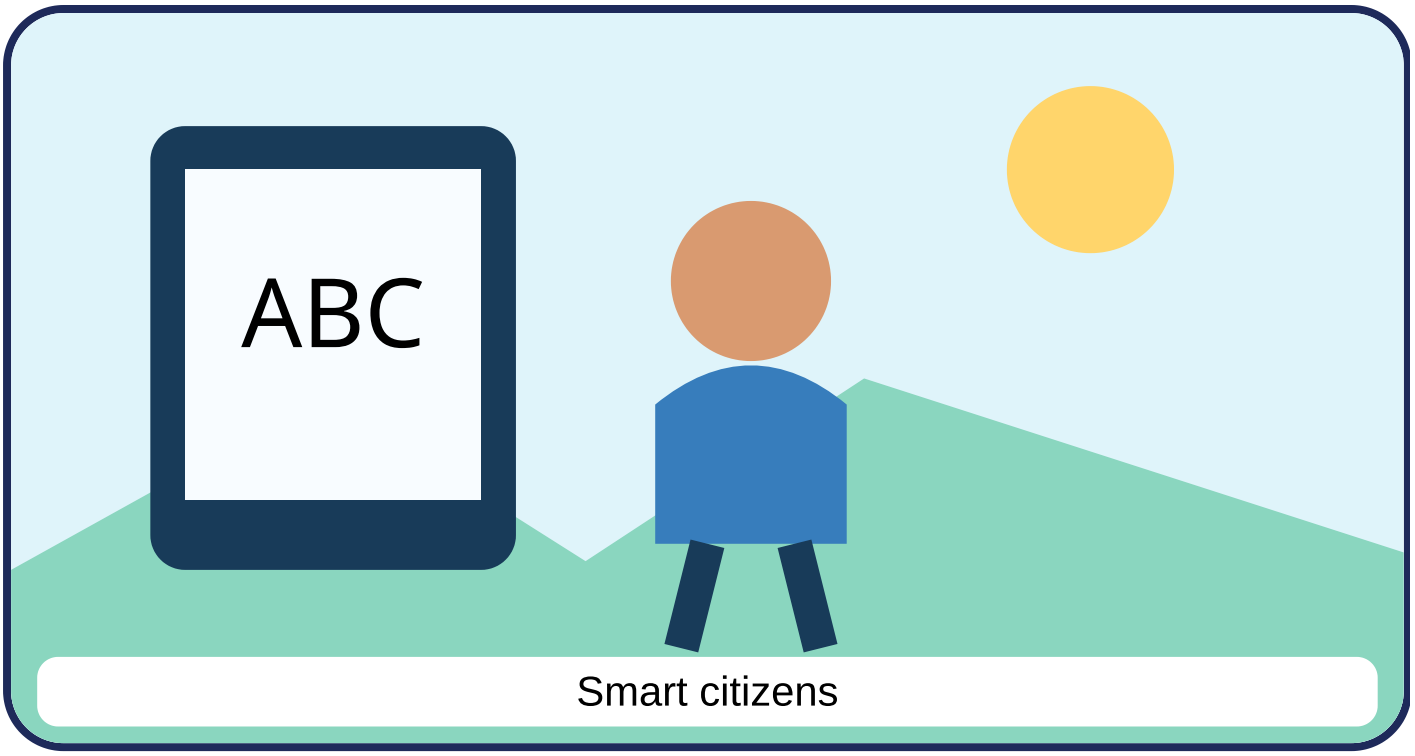

A balanced plan

Salma writes a plan. She wants to use time **wisely** and build a healthy **habit**. She puts her phone away while she studies to avoid **distractions**. Now she is **focused**.

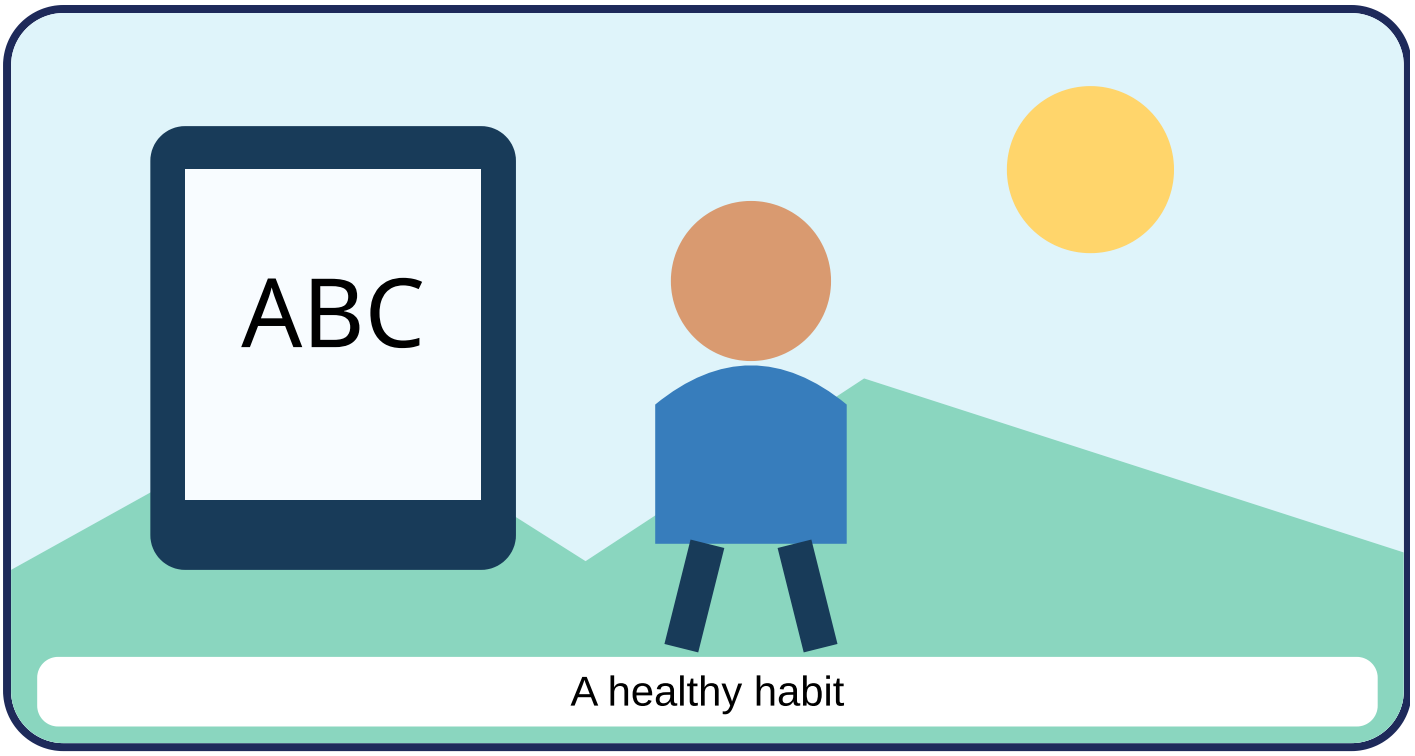

A smart city

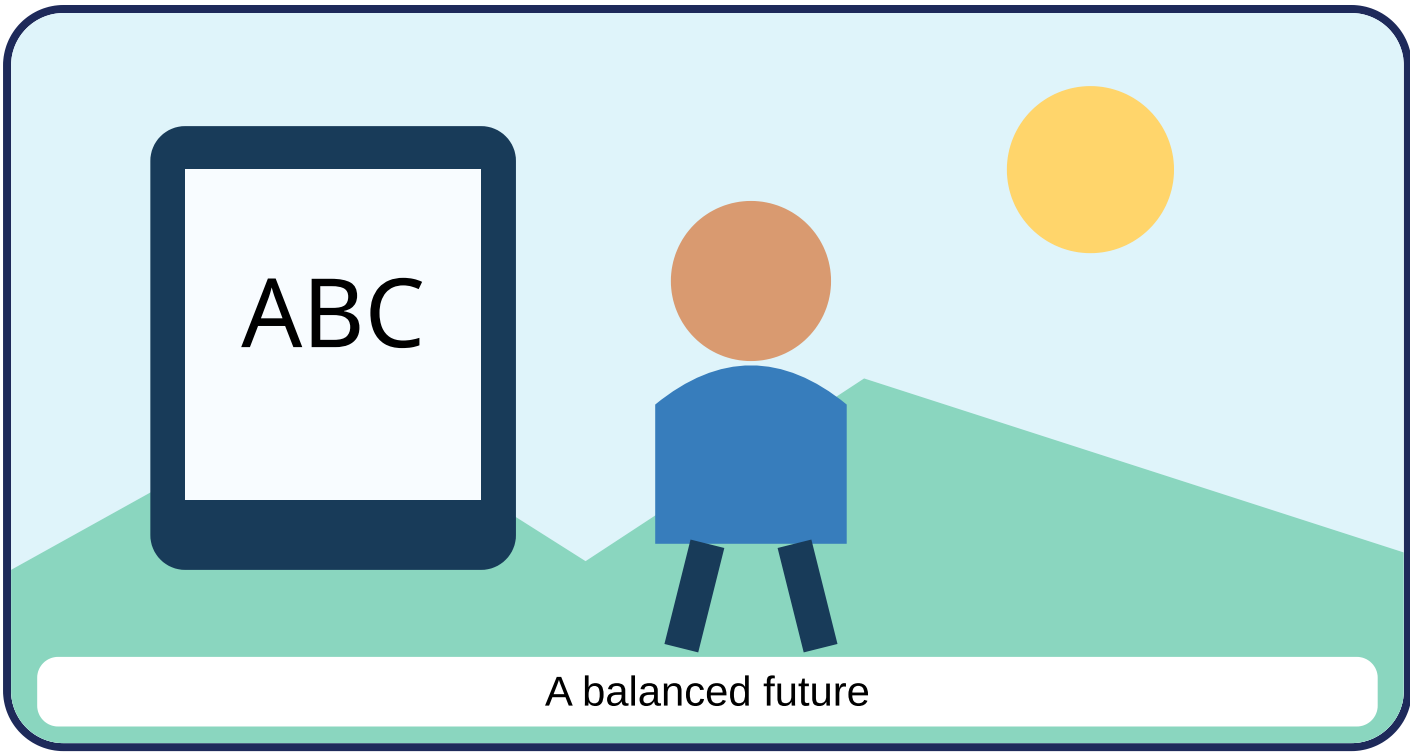

On Saturday, the class visits the **Administrative Capital**. A **designer** shows them **cutting-edge** transport. They see a **monorail** on its single rail.

"**Smart citizens** use technology responsibly," says their **leader**. "You must follow safety rules. You must not share private passwords." Salma listens carefully.

Salma learns a new **skill**: **managing** her day. She does not **scroll** through videos before bed. Her friends **recommend** reading or a walk instead.

A balanced future

Her team is **moving forward**. They make a poster: "Use technology to learn, then make time for friends and rest." Salma smiles. A smart future starts with a balanced day.

# The End

**Use technology wisely and balance screen time with real life.**

**استخدم التكنولوجيا بحكمة ووازن بين وقت الشاشة والحياة الحقيقية.**
